2020 Awards on Dementia, Alzheimer's and Neurological Disorders

Alberto de Bellis

Founder & Chairman, Maria Rosaria Maglione Foundation onlus, Italy, E-mail: albertodebellis@hotmail.com

Neuroscience is the logical investigation of the sensory system. It is a multidisciplinary part of science that joins physiology, life structures, atomic science, Dementia, formative science, cytology, numerical displaying and brain science to comprehend the central and eminent properties of neurons and neural circuits.

Dementia is a progressive and largely irreversible clinical syndrome characterized by a widespread impairment of mental function.

Dementia 2020 is a World's leading Scientific Conference which brings all the well distinguished academics together in the field of professionals, Phycology, academic scientists, professors to exchange their ideas about research state and technologies. Most of the Neurologists, Neuro- physicians, Critical Care Specialists, researchers and scientists will take part in this Conference. Papers will be presented in the form of symposia, plenary sessions & posters including the scientific and clinical material that was carefully selected by the Review Committee. The Conference helps in providing the ideal forum to stimulate establish collaborations & ideas.

Expert Level (Scientific Service Achievement Award):

The eligibility criteria for grabbing this award is that one must have minimum of 20+ years of experience in the relative field like Neurology public or private sector. The receiver of this award should have a dedicated Compulsion and should take initiative in exploring the recent trends and developments towards the related subjects. You can put forward deserving of the award through online.

Professional Level (The Research Contribution Award):

The Award for academic or professional research activity acquired in Psychiatry research field in the public or private sector for experts having research knowledge at 10+ years in the field of Neuroscience with most relevant accomplishments. It is calculated starting from the date when you obtained the (first) degree entitling you to embark on a doctorate (In the country in which the researcher is recruited or country in which the degree was obtained), even if a doctorate was never started or envisaged. You can nominate deserving individual for an award through online.

Scholar Level (The Upcoming Researcher Award):

The conference offers Scholar Level Award for the upcoming scientists, researchers and experts having 10+ years research experience in the field of Dementia. Presentation time includes 25-30 minutes of oral talk on the scientific research topics based on the theme of the conference along with 5 minutes panel discussions. You can nominate deserving individual for an award through online.

Woman Scientist (The Woman of Science Award)

Our Conference provides a unique platform for women scientists and researchers for presenting latest research projects with an in-depth analysis on Psychology. We cordially invite women scholars and scientists from Universities/ Industries to who have 10+ years of research experience to join the forum. We are happy to encourage our women scientist's participants through research awards and provide assistance for women scholars in career development and research guidance through our collaborations. Women Scientist can assign meriting the honor through online.

Outstanding Speaker

This award is recognizing for individual who will present their projects, strategies, and schemes that have been implemented to improve long-term excellence in

Neurological disorders. You can nominate deserving individual for an award through online.

According to the report, the global market for neuroscience in 2016 was estimated at about USD 26,350 million and is expected to reach about USD 34,800 million by 2024. From 2017 to 2024, the global market for neuroscience is expected to exhibit a CAGR of more than 3.5%.

Best Keynote Speaker:

This award recognizes the best Keynote who have eminence in the filed presenting their projects, strategies, and schemes that have been implemented to improve long-term excellence in Psychology. If you were confirmed as keynote presenter from the program manager, you can nominate yourself as a deserving of the award through online.

Best Poster Presentation:

Poster Competition is organized at Conference, to encourage students and recent graduates to present their projects, original research related to Neurology. All accepted abstracts will be presented at the poster sessions during the conference. The Congress aims at setting a platform for all the Young scientists and researchers to present their real-time work and share their views and aspects related to the theme of the conference. You can nominate someone deserving of the award through online.

Outstanding Masters/Ph.D./Post Doctorate thesis work:

This award is recognizing for Masters/Ph.D./Post Doctorate thesis work Presentation who will present their projects, research works and thesis that have been implemented to improve long- term excellence in the field of Neurology. You can nominate deserving individual for an award through online.
