### Expert Level (Scientific Service Achievement Award)

Expert level Award is contributing the most prestigious Award. The eligibility criteria for achieving this award is that one should have minimum of 20+ years of experience in the field of Diabetes and Endocrinology. The receiver of this award should have a dedicated passion and should take initiative in researching the recent trends and developments towards the related subjects. You can nominate deserving of the award through online.

### Professional Level (The Research Contribution Award)

Presentation Awards are presented to recognize individuals who have made implemented an idea or innovative approach in the field of Diabetes and Endocrinology to encourage active involvement for the betterment of the field. The award should motivate individuals to strive to realize their fullest potential which could in turn be beneficial. Epic works are not only a evidence to the individual's efforts, but they also have the potential to change the whole world as they can lead to formulation of better policies and or a new mind set.

### Scholar Level(The Upcoming Researcher Award))

The Scholar level Forum provides the possibility to meet and deliberate research topics and methodologies to promote and develop ideas, learn and gain knowledge from Key investigators at the Diabetes and Endocrinology conferences. The forum will offer an opportunity for collegial interconnection with other young investigators and established senior investigators across the globe.

Young Researchers Forum competition to encourage Young researchers / students to present their research works. Therefore, all presenters are encouraged to give comprehensive and dynamic talks based upon their research work. All YRFs will present their research works during the conference and the best presenter will receive

the best YRF award from Honourable Chair. These oral presentations should be of 10 minutes period in related scientific track tailed by 5 minutes question hour.

### Women Scientist(The Women of Science Award)

Our Conference provides a unique platform for women scientists for presenting latest research projects with an in-depth analysis in the field of Diabetes and Endocrinology. We cordially invite women scholars and scientists from Universities/ Industries to who have 10+ years of research experience to join the forum. We are glad to encourage our women scientist's participants through research awards and provide assistance for women scholars in career development and research guidance through our collaborations. Women Scientist can nominate deserving of the award through online. By awarding prizes and fellowships in international, regional and national ceremonies, the Diabetes and Endocrinology conferences support the career of the most brilliant women scientists.

### Out Standing –Speaker in Diabetic 2020

We acknowledge the Honourable Speakers and offer the global platform to discuss about the fields of Diabetes and Endocrinology. They can also include motivational and inspirational elements. This award is recognizing for individual who will present their projects, strategies, and schemes that have been implemented to improve long-term excellence in Diabetes and Endocrinology fields. You can nominate deserving of the award through online

### Best keynote –Speaker

Keynote speeches are usually based on the speaker's overview of future advancements and experiences. They can also include motivational and inspirational elements. But the most important factor for keynote message success is audience engagement, innovative ideas for the betterment of health conditions in society, someone who

captures the essence of your meeting and can subsequently highlight it to your audience in a short amount of time, weaving the key message that you want the audience to take away with them, into their speech in a fun and memorable way

### Best Poster Presentation

Poster presentations are a very influential way of sharing significant research and deserve recognition. The poster gives a framework to visually summarize your work, to engage others in discussions, and an opening to entice others to learn more by reading the full paper. The student poster award will acknowledge work that best represents the purposes, goals, vision and adds new knowledge, contributes innovative research, and/or provides insightful contribution to the field by a bachelor's, master's or doctoral student

### Outstanding – Doctorate thesis work Presentation in Diabetic 2020

The Outstanding Masters/Ph.D./Post Doctorate are awarded to promote, recognize and reward the most outstanding presentation presented by students or young researchers. Each year, Chairpersons / Judges will assess and score student presentations at conferences based on the novel ideas, communication and interaction skills. Typically, the topmost 2-5% of presenters in each section is awarded.
