JOURNAL HIGHLIGHTS

Journal of Radiology [2167-7964] is running successfully since 2012. It is our pleasure to announce that journal published Volume 8 with 6 quality regular issues in the year of 2019.

Journal of Radiology [ROA] during this year also brought out conference proceedings of 2nd World Congress on radiology and Oncology.

All published articles of this journal are included in the indexing and abstracting coverage of Index Copernicus, Google Scholar, Global Impact Factor (GIF), CiteFactor, Electronic Journals Library, RefSeek, Hamdard University, EBSCO A-Z, Studies receiving funding from a funding organization that is included on the list of PMC and Research Funder Policies or authors having NIH grant were submitted to PubMed.

During the calendar year 2019, ROA received a total of 25 papers, out of which 16 articles were rejected in the preliminary screening due to plagiarism or being out of the format and peer review process. During 2019 around 9 articles were subjected for publication after they are accepted in the peer review process. In the 2 issues of Volume 8 published during the year 2019, a total of 15 articles were published of which, articles were published from authors all around the world including original research, review and case reports in the volume 8 focusing on critical topics related to radiology and radiation. Current volume covered different key topics includes Radiography, CT scan, Scanning. Average publication lag time of an article was further reduced to 2-3 weeks.

Upcoming volume 9 in 2020 journal would like to focus more on critical topics of depression like radiology, scanning, MRI, radiography, and coronavirus, COVID-19. As scanning of the lungs due to Corona

is important for many corona patients. We invite scholars, academicians, researchers and industry experts around the global to contribute their scholarly literature findings, review studies or paper, white paper, case studies and research articles on radiology and scanning.

Association with OMICS group has increased Readership Metrics (By Google Analytics) of Journal of Radiology which can be accessed at Google Analytics Metrics for the Journal of Radiology

We would like to take this opportunity to thank you for the exertion and skill that you add to reviewing, without which it is difficult to keep up the high standards of peer-reviewed journals.
