7th Annual Conference on Parasitology & Infectious Diseases September 21-22, 2020 Webinar

Editorial Note

We had a huge success with the 7th Annual Conference on Parasitology & Infectious Diseases Webinar scheduled on September 21-22, 2020.

The significance of the meeting was achieved due to the accumulation of all the related group of spectators of research scientists to share their knowledge, research work, technologies, and furthermore trade of worldwide Information towards the correct crowd at ideal time. Congress has received a generous response from all over the world.

This has been organized with the aim to the corporate community and to create a platform for the exchange of information on technological developments, new scientific modernization and the effectiveness of various regulatory programs towards Infectious Diseases Congress 2020. The conference was organized around the theme "To Encourage Novel Discoveries in Therapeutics, Diagnostics and Vaccines for Parasitic & Infectious Diseases". The congress entrenched a firm relation of future strategies in the field of Parasitology.

We would like to thank
