### Editorial

I am joyful to announce that the Journal of Cytokine Biology is a journal and that gave me opportunity to bring forward the achievements of the journal in the year 2020. As we know that JCB is the newly coined journal, it is under development and growing fast to be indexed by various indexing agencies. The full issue was published by JCB at the time and the preprints were also dispatched and released online within 30 days after the article was published online. JCB accept all types of articles, including Research papers, case studies, review papers, brief commentaries, mini analysis etc. on Cytokine Biology.

Journal of Cytokine Biology is an open-access Peer-Reviewed journal that seeks to publish the latest and excellent research papers, reviews and letters in all fields related to the subjects of cytokines . Submissions will be assessed on their scientific validity and merit.

The journal invites the original research and concepts by researchers from all over the world. We think that the researchers will be happy enjoy a perfect platform to demonstrate the importance of their research work by publishing in this journal. I take this to show my gratitude to thank Omics group of publications for its mission in making the journey to take this on-line publication of the journal to a global audience. I have faith that this journal will serve the scientific community better. I like to encourage our open access biology community to contribute their original research from to facilitate a continued success of the journal. I would also like to express my

gratitude to all the authors, reviewers, the publisher, the advisory and the editorial board of JCB , for their support in bringing out yet another volume of Cytokine Biology and look forward to their unrelenting support.

We know how much time they contribute and seek to give the effort that goes into writing a good peer review, and we deeply value the input of reviewers who volunteer their time and expertise to provide good resources with necessary feedback that ensures the high quality of research published in each issue of the journal. We appreciate our peer reviewers for taking the time and effort necessary to provide insightful guidance, and we try to show our appreciation to our reviewers. Every year we send letters recognizing the efforts of our best reviewers.

Journal of Cytokine Biology is a fineness quality journal devoted to the management of time and completes all the work on writing any article in a given period of time. As the cumulative time span of every article to be published online is 45 days from the date of receipt. To publish it takes the time from 4 to 5 weeks for various processes such as quality check, peer review, processing of article. Quality checks and peer review processes complete within 14 days and the time period for the publication is only 7 days after acceptance of the article by reviewers and editors.

Finally, I would like to welcome you, our readers to this promising new journal of JCB. Hope you will find pleasant reading and also challenging ideas from this journal. Happy and pleasant reading!
