The **Journal of Occupational Medicine and Health Affairs** with ISSN number 2329-6879 is one of the best open access journals in the medical journal. The journal is concerned with the maintenance of health at the workplace, including prevention and treatment of diseases and injuries. This journal is using Editorial Manager System for quality in [peer-review](#) process. Editorial Manager Systems is an online manuscript submission, review and tracking systems. Review processing is performed by the editorial board members of this journal or outside experts; at least two independent reviewer's approval followed by the editor is required for the acceptance of any citable manuscript. The journal would like to thank Specially [Kazuo Maeda](#), **Department of Obstetrics and Gynecology Tottori University Japan, Jennifer Lunt, Principal Psychologist, Health and Safety Laboratory, Harpur Hill, United Kingdom** and Masum A. Patwary these editorial board members have been guiding the journal throughout the process also Reviewers like James Dr. W. Oguttu, Dr. T Muthukumar for continues support to the journal. The journal is running **Volume 8 issue 2** now with lots of new upcoming plans.

The Journal is coining a Special Issue this Year on the Topic **COVID-19: Clinical Implications for Health Systems** accepting information on discoveries and current developments in the form of Research articles, review articles, case reports, short communications, etc. in this field and provide online access to the researchers worldwide without subscriptions.

The Journal also recommends related conferences on the page. The upcoming recommended conferences are : **[October 30-31, 2020]16th World Congress on Psychiatric & Mental Health Nursing, Vancouver, Canada; [October 30-31, 2020]12th International Conference on Predictive, Preventive and Personalized Medicine & Molecular Diagnostics, Vancouver, Canada; [November 23-24, 2020]12th**

International Conference on Preventive Medicine & Public Health, London, UK. One attending the conference can also publishes their Abstract of their work in the related journal. The journal also sends the hard copy of their Research work if required with interest of the researcher. The journal also provides pretty some amount of discount on **OPEN ACCESS WEEK** celebrated each year. This year international Open Access week will be held on 19th-25th of Oct 2020.

Our Journal aims to acknowledge the research accomplishments of the young scientists, by conferring on them the **"Young Scientist Award"** to promising, upcoming scientists that have been actively engaged in R&D and publications in Open Access Journals. Young Scientist Award offers worthwhile incentives to Researchers that have shown great potentiality in their fields of expertise. The core mission of the Young Scientist Award is to advance scientific knowledge to address the major challenges that the society facing today.

Social networking sites are created to assist the **online networking**. These sites are virtual communities created to enhance interaction and understanding. You can share your views on your research with a veteran researcher and enrich the idea or you can offer you views on an articles published in our journals through various social networking sites like Face book, Twitter, LinkedIn, RSS Feeds etc.

OMICS International would like to share its immense web visibility through offering advertising facility. Our Journal acts as a platform between the advertiser and the consumers. It provides space to the advertisers to promote their products which lead to successful business.
