Addendum

I, Syed Saleem Husain, (Saleem Saim), completed Ph.D. from Indian Institute of Toxicology Research, Lucknow, as a Research Fellow, in a project on "Assessment of the impact of Protein Malnutrition on the Neurobehavioral and Developmental Toxicity of Cadmium", sponsored by Indian Council of Medical Research, New Delhi, India. Presently, I am serving as an Assistant Professor in Jazan University, Saudi Arabia. I have published a book entitled, 'Chemical Studies on Toxic Effects of Cadmium', published by Lambert Academic Publishing, Germany, and many papers in reputed journals. I have been serving as a reviewer and an editorial board member of reputed journals. My area of research is in the field of heavy metal toxicology.

Welcome Message

Dear fraternity of fellow scientists, dealing with biochemistry, physiology and applied sciences, I extend a warm welcome to all of you. It gives me immense pleasure to speak to you, as an editor, associated with this fast developing 'Journal of Biochemistry & Physiology' which has sincerely been working devotedly to the cause of publishing high-level research and making it available online to researchers from all over the world, for furtherance of science and betterment of life.

The journal is well known for maintaining its standard quality and peer-review by eminent experts of the researched subject. OMICS Group is using Online Review and Editorial Tracking Systems for quality review process and speedy publication of the contributed articles. The editorial board welcomes original research papers, reviews of the literature, short communication, commentaries, case reports and book reviews, from all of you. Any comments or suggestions that you may have for improvement of the Journal are cordially welcome.

I wish more and more researchers will come forward to contribute their work to this world-class journal and be a part of its progress in the domain of biochemistry and physiology.
