

The Neurologist: Clinical & Therapeutics Journal

Giuseppe Scalabrino

Institute of General Pathology, University of Milan, Italy

Editorial Note

We are pleased to introduce The Neurologist: Clinical & Therapeutics Journal is an official peer reviewed journal for the rapid publication of articles on topics of current interest to physicians treating patients with neurological diseases. The Neurologist: Clinical & Therapeutics Journal with highest journal impact factor offers Open Access option to meet the needs of authors and maximize article visibility.

The Neurologist: Clinical & Therapeutics Journal includes a wide range of fields such as how neurologist treats disorders that affect the Neuropsychiatric disorders, Brain Disorders, Neurodegenerative diseases, Neurotic disorders, Neurorehabilitation, Trauma, Brain imaging, Neurocomputation, Cognitive neuroscience, Mood disorders, Child Behaviour, Mental illness, Seizure disorders, Spinal cord disorders etc., in its discipline to create a platform for the authors to make their contribution towards the journal and the editorial office promises a peer review process for the submitted manuscripts for the quality of publishing.

The Neurologist: Clinical & Therapeutics Journal helps Students, researchers, clinicians and other healthcare professionals find up-to-date information on Functional neurology, Surgical neurology, Neurological rehabilitation, Behavioral neurology, Brain neurology, Neurological brain disorders, Clinical neurology, Degenerative neurology, Experimental neurology, and novel findings in neural development, regeneration, Plasticity, Transplantation, conceptual

approaches to improve regeneration and rehabilitation and many other interesting research topics in the field of Neurology.

This peer reviewed medical journal is using Editorial Manager System for quality in review process. Editorial Manager System is an online manuscript submission, review and tracking systems. Review processing is performed by the editorial board members of The Neurologist: Clinical & Therapeutics Journal or outside experts; at least two independent reviewer's approval followed by editor approval is required for acceptance of any citable manuscript. Authors may submit manuscripts and track their progress through this system, hopefully to publication. Reviewers can download manuscripts and submit their opinions to the editor. Editors can manage the whole submission/review/revise/publish process.

The Neurologist: Clinical & Therapeutics Journal is an academic journal which aims to publish most complete and reliable source of information on the discoveries and current developments in the mode of Research articles, Review articles, Case reports, Short communications, etc. in all areas of the field and making them freely available through online without any restrictions or any other subscriptions for doctors, researchers, physicians and healthcare professionals to find most recent advances in all areas of Neurology & Neurological Sciences. The Neurologist: Clinical & Therapeutics strongly supports the scientific up gradation and fortification in related scientific research community by enhancing access to peer reviewed scientific literary works.
