

Young Researchers Forum: 12th World Congress on Alzheimers Disease & Dementia

Nasreen Sultana

Doctor, National Institute of Nuclear Medicine & Allied Sciences, Bangladesh, E-mail: nasreeninm@yahoo.com

Conference Series LLC LTD is organizing “[12th World Congress On Alzheimers Disease and Dementia](#)” which is going to be held in the month of January 23-24,2020, at Bangkok, Thailand. The Theme of the conference is “Innovative approaches to defeat Alzheimers disease and Dementia”. The conference offers Prestigious Award for Young Research’s at Alzheimers Congress 2020- Gathering the New-born Advances in Neuroscience.

Alzheimers Congress 2020 invites research scholars & young scientists, to submit the nominations for Young Scientist Awards: Alzheimers Congress 2020. This Alzheimers Congress 2020 Young Scientist Awards will be announced at the upcoming “12th World Congress On Alzheimers Disease and Dementia” at Bangkok, Thailand on January 23-24, 2020..

This [Alzheimers Congress 2020](#) is an initiative of Conference Series to recognize and provide incentives to the Young Researchers who has shown great potential at their respective field of research. We at Conference Series always encourage the young budding minds to start their career in the field of research and innovations. The core of our Young Research Forum – Young Scientist Awards is to motivate the scholars to present their research ideas in front of the global experts and enhance their knowledge at our international platform. We at Alzheimers Congress 2020 provide the best networking experience to the participant for their overall professional growth and to promote the collaborative research.

Alzheimers Congress 2020 Conference will be an investigation of new research Innovation in the field of Neuroscience and spread the most recent advancements in Alzheimers disease prevention and rehabilitation. Discussion on new technology advancement in the field of [Alzheimers disease and Dementia](#), Vascular Dementia, Dementia with Lewy Bodies, Managing Dementia, Imaging Techniques, Pathophysiology and Disease Mechanisms, Geriatric and Cognitive Disorder, Animal Models and Translational Medicine, Current Research in Therapeutic Targets, Alzheimers Disease and Type 2 Diabetes,

Neurological Diseases and more. Detecting Alzheimers disease and Dementia, involves a team of healthcare professionals, of which the Neurology technologist is a key player. The market is mainly driven by the increasing research funding for Neurology from governments and private investors, growing demand for personalized medicine in the U.S. and Europe, and the increasing need for toxicology testing.

Encounter the target market with members from across the globe, committed to learn about novel technologies and innovations in [Neurology Care](#). This is the best opportunity to outreach the largest gathering of participants from around the world. Conduct presentations, distribute and update knowledge about the advancements in Neurology, Neurodegenerative Diseases, and Frontotemporal Dementia and in different fields of Neurology by receiving name recognition at this 2-days event. World-eminent speakers, most recent researches, latest treatment techniques and the advanced updates in Neurology are the principal features of this conference.

Eligibility Criteria for Young Scientist Awards: Neuro-Science-2020

The Alzheimers Congress 2020: Young Scientist Awards: is for all young Researchers, Research Scholars (Preferably PhD, Post Doc, and Post Graduates & Graduates) who has involved themselves into the R&D sector. The candidates should have minimum 3+ years of research experience and published minimum 3 research articles in international journals. Part time researchers can be considered subject to recommended by the research guide or any director level designated person from the organization.

Applications are invited on first come first serve basis. Only 25 nominations will be accepted globally.

Judging Criteria

Nominated candidates need to present their research or talk for 25-30 minutes in front of the panel members. Subject should be under the scope of the Alzheimers Congress 2020 conference. Selection will be on the basis of individual accomplishments, quality & standards of research, noble thought, research methodology, innovative ideas, style of presentation, significance of the contribution to the field, originality, clarity, and future extended scope of the research and probability of bringing the research in terms of products/services into public domain.

Nomination

We invite online applications from desired candidates, self-nomination or nominated by organizations (both private & public sectors)/research guides. The student must be the first author & the student's advisor should attach a statement that their contribution is primarily advisory.

Candidates applying for the Alzheimers Congress 2020: [Young Researcher Award](#) should send their resume, along with a letter of recommendation (from a research adviser/faculty/organization heads) toneuro@expert-meetings.com along with the online application at the Alzheimers Congress 2020 Award page.

About Hosting Organization: Conference Series

Conference Series LLC LTD is the world's leading specialist in organizing Academic, Scientific and Business conferences, meetings, symposiums and exhibitions in different verticals and horizontals like Medical, Pharma, Engineering, Science, Technology and Business to promote scientific research. Every year we host more than 3000+ global events inclusive of 1000+ Conferences 1000+ Symposiums 1000+ Workshops in USA, Europe, Middle East and Asia with the generous support and cooperation from our 30000+ Editorial Board Members, 1000+ Scientific Societies. All the conference proceedings are published in the special issues of our 700+ Open Access International Journals with the DOI provided by CROSSREF.

For any further queries/concern, can reach Neuro-Science-2020 secretariat at the below contact details.
