

## Young Researchers Forum: European Meeting on Dementia, Alzheimer's and Neurological Disorders

**Alberto de Bellis**

Founder & Chairman, Maria Rosaria Maglione Foundation onlus, Italy, E-mail: [albertodebellis@hotmail.com](mailto:albertodebellis@hotmail.com)

[Neuroscience](#) is the logical investigation of the sensory system. It is a multidisciplinary part of science that joins physiology, life structures, atomic science, Dementia, formative science, cytology, numerical displaying and brain science to comprehend the central and eminent properties of neurons and neural circuits.

[Euro Dementia 2020](#) is honored and delighted to welcome all the Scientists, Neurologists, Psychiatrists, Neuro-physicians, Critical Care Specialists, Doctors, Health Care Professionals and experts from all over the world to attend our European Meeting on Dementia, Alzheimer's and Neurological Disorders conference during May 07-08, 2020 in the city of Zagreb, Croatia. This conference is based on the theme "Exceeding a vision on Mental Illness and Dementia Care", which will provide a global networking platform for all the attendees.

The gathering of this event will aim to enlighten causes, prevention and complications of Alzheimer's disease, which is commonly called Dementia. The conference committee has created a successful collaboration among the Neurologists, Neurosurgeons, Neuro-physicians, Critical care specialists and field related experts from all over the world. This opportunity will provide a global platform to them for enlightening the subject matter to all over the world.

Euro Dementia 2020 is a specially designed conference which consists of keynote presentations, Plenary Talks, Oral talks, Poster presentations, Workshops, Video Presentations, Panel Discussions and Exhibitions, Young Researcher Forums (YRF) and Best Poster Awards.

### Announcement of Prestigious Awards for Young Researcher's at Euro Dementia 2020-Discovering New Exploration in Neuroscience field

Neuroscience Conference Committee is glad to announce Prestigious Awards for Young Researcher's at

Euro Dementia 2020-Discovering New Exploration in Neuroscience field "which is scheduled on May 07-08, 2020 in Zagreb, Croatia. This Conference will targets on the theme: "Exceeding a vision on Mental Illness and Dementia Care"

The conference offers an emerging scholar awards to the outstanding researchers, exceptional graduates or early academicians who have distinctive enthralment towards the conference themes. The Award strives an excellence in providing a strong professional development opportunity for early career academicians meeting experts in the field, interacting with colleagues from other parts of the world, and creating networks and long-term relations.

Neuroscience Conference Committee is intended to honor prestigious award for talented Young researchers, scientists, Young Investigators, Post-Graduate students, Post-doctoral fellows, Trainees, Junior faculty in recognition of their outstanding contribution towards the conference theme. The Young Scientist Awards make every effort in providing a strong professional development opportunity for early career academicians by meeting scientific experts to exchange and share their experiences and views on all aspects of Neuroscience.

Young Researcher Forum-Outstanding Masters/Ph.D./Post Doctorate thesis work Presentation. Only 25 presentations are to be acceptable at the Euro Dementia 2020 young research forum.

This award seeks to recognize the young brains of the current era. Recipient of this award will be selected by the judge of the Young Researchers Forum. This award will be given based on the presentation skills, impact of research and its vast applications for the healthcare sector. Participants pursuing Masters, PhD or Post-

Doctoral studies are eligible for this award. The awardee will be felicitated after the completion of all the oral presentations delivered under the Young Researchers Forum category.

### **Benefits:**

1. Young Scientist Award Recognition Certificate and Memento to the winners
2. Our Conferences will provide best Platform for your research through oral presentations.
3. Learn about career improvement with all the latest technologies by networking with eminent people.
4. Young Scientists will get appropriate and timely information by participating in this Forum.
5. Platform for collaboration among young researchers for better career development.
6. Provides an opportunity for research interaction and established senior investigators across the globe in the related field.
7. Share the ideas with both eminent researchers and mentors.

8. It's a great privilege for young researchers to learn about the research areas for expanding their research knowledge.

### **Eligibility:**

G Young Investigators, Post-Graduate students, Post-doctoral fellows, Trainees and junior faculties with a minimum of 5 years of research experience

Presentation must be one of the scientific sessions of the conference.

Each Young Researcher/Young Scientist can submit only one paper (as first author or co-author).

The Age limit of applicants will be under 35yrs

All submissions are must be in English.

Euro Dementia 2020 provides best platform to expand your network, where you can meet scientists, authorities and CROs from around the world. Now it's your time to grab the opportunity to join Euro Dementia 2020 for promoting your research article and to facilitate prestigious award in all categories. In this fame, we look forward for your contribution and astonishing dedication to make our Euro Dementia 2020 more successful!
