

Young Researchers Forum - Young Scientist Awards (Oil and Gas 2020)

Mr Leonardo Franca,

Baker Hughes, Upstream Chemicals, Sugar Land, Texas, Email: leonardo.franca@bakerhughes.com

[Oil and Gas 2020](#) provides a platform for researcher scholars, scientists and academic people to share and globalize their research work while the participants from industry/ business sectors can promote their products thus facilitating dissemination of knowledge. We anticipate more than 300 participants around the globe with thought provoking keynote lectures, oral and poster presentations. The attending delegates include Editorial Board Members of related journals. The scope of Oil and Gas 2020 is to bring the Future Challenges for Oil and Gas Exploration and Consumption.

[Oil and Gas 2020](#) will keep abreast of all the latest developments – geopolitical, industrial and technological updates. Throughout the two-day conference, attendees will hear from International leaders on how technology is changing day-to-day business throughout the industry. It provides a unique platform for networking with peers and learning from speakers that are experts in oil field technology.

Global Oil and Gas Expo Conference for Oil and Gas Industry focuses on the most critical challenges for Oil and Gas Exploration and Consumptions. This conference theme, explore possibilities, will guide discussions on supporting a thriving energy sector through a series of thoughtful keynotes, interactive panels, and hot topic sessions. Learn about how innovation and new technologies can improve operations and support business diversification, as well as streamline policy, compliance and technical updates. You will also be able to grow your network and connect with peers and experts in oil and gas from across the country.

Importance & Scope

[Oil and Gas](#) attains greater global significance as the world economy has been developing with oil as its lifeblood for over a hundred years. Oil is directly responsible for about 2.5% of world GDP, but accounts for 1/3rd of humanity's primary energy supply (>5 terawatts out of 15 terawatts total). It's over half if you include natural gas. Oil/gas powers 100% of all transportation, within a few significant figures of rounding error. There is no doubt in my mind whatsoever that modern civilization would collapse in a matter of months if oil stopped flowing. It is hard to imagine industrial operations or even private activities without oil and gas – anywhere in the world. Not only do they supply energy for heat and power, they are also found in everyday items, such as medicines, plastics, and clothing.

Conference series organize 3000+ Global Events inclusive of 2000+ Conferences, 500+ Workshops and 500+ symposiums on various topics of Science and Technology across the globe with support from 1,000 more scientific societies and Publishes 900+ Open access journals which contains over 50,000 eminent personalities, reputed Scientists as Editorial Board Members.

Prestigious Award for Young Research's at [Oil and Gas 2020](#) - Discovering New Exploration in Petroleum field.

[Oil and Gas 2020](#) developments are maintaining their momentum. Oil and Gas Conference program delves into strategic

discussions.

Oil and Gas Young Scientist Awards:

Petroleum Conference Committee is intended to honour prestigious award for talented Young researchers, scientists, Young Investigators, Post-Graduate students, Post-doctoral fellows, Trainees, Junior faculty in recognition of their outstanding contribution towards the conference theme. The Young Scientist Awards make every effort in providing a strong professional development opportunity for early career academicians by meeting experts to exchange and share their experiences on all aspects of Petroleum.

Oil and Gas 2020 will be having following Young Scientist Awards

Petroleum Conference Committee is glad to announce "[Global Oil and Gas Expo](#)" [September 29 -30, 2020 in Osaka, Japan](#) by focus on the theme: "Future Challenges for Oil and Gas Exploration and Consumption Petroleum" Oil and Gas 2020 developments are maintaining their momentum. Petroleum Conference program delves into strategic discussions.

Young Research's Awards at [Oil and Gas 2020](#) for the Nomination: Young Researcher Forum - Outstanding Masters/Ph.D./Post Doctorate thesis work Presentation, only 25 presentations acceptable at the Oil and Gas 2020 young research forum. .

[Oil and Gas 2020](#) provides best platform to expand your network, where you can meet scientists, authorities and CROs from around the world. It's your time to grab the opportunity to join Oil and Gas 2020 for promoting your research article and to facilitate prestigious award in all categories. In this fame, we look forward for your contribution and astonishing dedication to make our Oil and Gas 2020 more successful.

The benefits for Young Researchers Forum are listed below

- Young Scientist Award recognition certificate and memento to the winners.
- Our conferences provide best Platform for your research through oral presentations.
- Learn about career improvement with all the latest technologies by networking.
- Young Scientists will get appropriate and timely information by this Forum.
- Platform for collaboration among young researchers for better development.
- Provide an opportunity for research interaction and established senior investigators across the globe in the field.
- Share the ideas with both eminent researchers and mentors.
- It's a great privilege for young researchers to learn about the research areas for expanding their research knowledge.

The candidates who are eligible for this forum are Young Investigators, Post-Graduate students, Post-doctoral fellows, Trainees, Junior faculty with a minimum of 5 years of research experience, presentation must be into scientific sessions of the conference., each Young Researcher / Young scientist can submit

only one paper (as first author or co-author), age limit-Under 35yrs and all submissions must be in English.

The prize-winning papers will be considered for publication in the international journals once the paper is subjected to standard review procedures.

The prize-winning papers will be considered for publication in the international journals once the paper is subjected to standard review procedures.

Young Research's Awards at **Oil and Gas 2020** for the Nomination: Young Researcher Forum - Outstanding Masters/Ph.D./Post Doctorate thesis work Presentation, only 25 presentations acceptable at the **Oil and Gas 2020** young research forum.

Kindly note that:

Last date for Initial application December 30 – \$399

Last date for Initial application January 30 – \$499

Last date for Initial application February 28 – \$599

Criteria for Selection

- Showcase your research through oral presentations.
- Learn about career development and the latest research tools and technologies in your field.
- This forum will give pertinent and timely information to those who conduct research and those who use and benefit from research.
- Develop a foundation for collaboration among young researchers.
- The forum will provide an opportunity for collegial interaction with other young investigators and established senior investigators across the globe.
- Interact and share ideas with both peers and mentors.
- Opportunity for young researchers to learn about the research areas of their peers to increase their capacity as multidisciplinary researchers.
- Actively distribute information and promote the benefits of education and career matters.

Awards & Rewards

- Showcase your research through oral presentations.
- Learn about career development and the latest research tools and technologies in your field.
- This forum will give pertinent and timely information to those who conduct research and those who use and benefit from research.
- Develop a foundation for collaboration among young researchers.
- The forum will provide an opportunity for collegial interaction with other young investigators and established senior investigators across the globe.
- Interact and share ideas with both peers and mentors.
- Opportunity for young researchers to learn about the research areas of their peers to increase their capacity as multidisciplinary researchers.
- Actively distribute information and promote the benefits of education and career matters.
