

Award 2020- International Conference on Clinical Naturopathy on Infectious Diseases

Nabil Abou Baker

Professor, University of Chicago, US, E-mail: naboubaker@bsd.uchicago.edu

Conference Series LLC Ltd summon all the participants from all over the world to attend International Conference on Applied Microbiology and Infectious Diseases during September 25-26, 2020 at Online event which includes keynote presentations, Oral talks, Poster presentations and Exhibitions.

Applied Microbiology 2020 aims to provide a platform where academics and practitioners from cross-disciplinary fields from education, environmental protection industry, and business can come together and collaborate. The event will encourage the exploration of the potential synergies that may arise from pooling the different perspectives. We invite you to submit papers on Applied Microbiology. Poster and oral presentations, and thesis presentations will be included in the Conference Program. Applied Microbiology cover all aspects of Microbiology and Pathology, and broadly encompasses Microbiology processes, and Atmospheric Changes, Infectious Diseases. It also considers the interactions between humans and these systems.

Outstanding Scientific Contributions and Achievement Awards

Expert Level (Scientific Service Achievement Award):

The award to the experts who have made outstanding contributions to advancing in Microbiology & Pathology. It is the most prestigious award of the whole conference and is tagged as scientific service Achievement award. The eligibility criteria for achieving this award is that one should

have minimum of 20+ years of experience in the relative field of Microbiology in public or private sector. The receiver of this award should have a dedicated fascination and should take initiative in researching the recent trends and developments towards the related subjects. You can nominate deserving of the award through online.

Professional Level (The Research Contribution Award): The Award for professional or academic research activity acquired in Microbiology research field in the public or private sector for experts having research knowledge at 10+ years in the field of Microbiology and Pathology with most relevant accomplishments. Part-time research experience would be counted as pro-rata. It is calculated starting from the date when you obtained the (first) degree entitling you to embark on a doctorate (either in the country in which the degree was obtained or in the country in which the researcher is recruited), even if a doctorate was never started or envisaged. You can nominate deserving of the award through online.

Scholar Level (The Upcoming Researcher Award):

The conference offers Scholar Level Award for the upcoming scientists, researchers and experts having 10+ years research experience in the field of Microbiology. Our conference would like to provide best platform to expand your network by sharing your research knowledge at stage.
