Dear Sir/Madam,

Journal of Membrane Science & Technology aims to publish most complete and reliable source of information on the discoveries and current developments in the mode of original articles, review articles, case reports, short communications, etc. in all areas of the field and making them freely available through online without any restrictions or any other subscriptions to researchers worldwide. It was established in 2011 and has been edited by Prof. Rickey P. Hicks in USA and Prof. Jose M. Vicaria in Spain since 2011. In addition, there is an strong support from the editorial board including 65 international members from 15 countries/territories including Austria, China, Czech Republic, France, Germany, Greece, Hong Kong, Hungary, Italy, Malaysia, Spain, Taiwan, Thailand, UK, and USA.

I am one of the members of editorial board, published more than 100 papers and cited more than 10000 times in Web of Science. One of my papers has been ranked top one in annual citations in chemical engineering field since 2008. I strongly recommend this journal to be indexed in PubMed.
